

BUSH singer and guitarist **GAVIN**

ROSSDALE was injured during a concert in Brazil when a fan in the audience started pulling at the key-chain connected to the singer's wallet. A tug-of-war ensued, resulting in the singer cutting his finger and palm so badly that he was unable to continue playing his guitar. Technician Dale Meekins had to finish the encore while Rossdale sang, clutching his bandaged hand forlornly. Quite why Rossdale felt he needed his wallet onstage with him is a mystery.
